Featuring Mitchell Park Domes

Tour 12131
Wednesday • June 13, 2012

Where can you experience a desert oasis, a tropical jungle and special floral gardens all in one location? **The Mitchell Park Horticultural Conservatory Domes!** This morning we take a leisurely stroll through the three breath-taking domes that make up the conservatory.

After an included **lunch**, we travel to **Genesee Depot** for a docent-led, **full estate tour of Ten Chimneys**, the home of Alfred Lunt and Lynn Fontanne. Widely considered to be the greatest acting team in the history of American theatre, Alfred and Lynn came to Ten Chimneys summer after summer to retreat, relax and rejuvenate. Their estate became an important place for artistic creation, discussion and inspiration with the Lunts hosting many famous names including Katherine Hepburn, Carol Channing, Noel Coward, Laurence Olivier and Helen Hayes.

Your Ten Chimneys' experience will focus on stories and values, not just artifacts or historical data. With no ropes and nothing under glass, you are treated to a **VIP guided tour** of a National Historic Landmark replete with original furnishings and overflowing with the romance of the 1930s and '40s. Knowledgeable docents will lead you through the estate and share stories that interpret not only the objects and décor of the estate, but also the lives and values of its remarkable creators. If you have the slightest interest in art, culture, the theatre, beauty, joy, a great marriage, friendship, humor or wit, you need to visit Ten Chimneys and experience all of this for yourself in one amazingly beautiful location. Come with us and visit what *CBS News Sunday Morning* calls, "A shrine to two of the most glamorous legends in American theatre history." **L**
